The Litany of Dedication

Leader: Under the providence of God we have come to this glad hour when the building our hearts have long desired has become a reality and is to be dedicated to its holy purpose.

*People: Blessed art Thou, O Lord Our God.
Wondrous things are accomplished through thy power.*

Leader: For the teaching and study of God's Word,

People: We dedicate this building.

Leader: For the training of children in faith and character, for the summoning of youth to the service of Christ, for the deepening of our sense of Christian fellowship and for the furthering of the spirit of Christ's love among all peoples,

People: We dedicate this building.

Leader: For the recognition of God's mighty hand of blessing upon this congregation for 160 years, for the faithful proclaiming of the gospel by preaching and teaching, and in loving memory of those who have gone from us, whose hearts and hands have served in this church,

People: We dedicate this building.

Leader: With sincere gratitude and heartfelt appreciation to all, who by their time, their talents, their treasure, their love and prayers have made this dream a reality.

People: We dedicate this building.

Memorial contributions were given to the Building Fund in memory of the following church members and friends who shared this dream with us:

<i>Gary Crawford</i>	<i>Martha Haggerty</i>
<i>Cora Dalrymple</i>	<i>Harold Haggerty</i>
<i>Dayton DePue</i>	<i>Warren Haggerty</i>
<i>James Donald</i>	<i>Harold Touw</i>
<i>William Van den Heuvel</i>	

In Appreciation

This day has been made possible as God has brought together for His purpose many people of varied skills and backgrounds, without whom this day would not have been possible. Space does not permit publishing all the names of those who have given gifts of money and volunteer labor in the construction of the building, planting, landscaping, and the many other fields of endeavor.

A special thank you to all who helped with the various fund raisers - the building is paid in full!

We thank each who have helped make this possible.
