ASSEMBLY

"SALUTE TO THE FLAG"

By Esther Averill

Produced by arrangement with Baker's Plays, Boston, Mass.

"It is well to be reminded, even in these stirring times, of the blessings and privileges afforded us by the Star Spangled Banner. We're prone to accept the bounties given us by God, Nature, and Man as our due, without stopping to reflect on the groundwork which gave these United States of ours their first grand start. The stars and stripes take on a new meaning as the boys and girls presenting the pageant explain the glory that is our heritage and the future which is the destiny of generations yet to come."

NARRATOR	Charlotte Mann
SONGS	Geradine Demarest
PIANIST	Florence House
