Dorothy H. Youmans

And when I look again
many years in the future
may I recall the happy
days of yesteryear.

May each familiar
signature bring the
memory picture of
the original, some
great, some famous, some
gone from our ken, but
all bound close by this
token of comradeship

So be it and let each
class mate of mine who
will, sign this Roster
and strive honorably
to complete the character
structure, the foundation
for which we have
here and now
begun
